We want to make it easier and a little quieter to clean

Cleaning has long been regarded as physically hard work. We scrub and brush on all fours, but the question is whether we really get things clean. Around the middle of the last century, the upholstery vacuum cleaner was the height of luxury, whilst high pressure washers were still unheard of.

Since then, things have changed a lot. Cleaning work has changed radically, thanks to cleaning equipment becoming more efficient and ergonomic. In fact, it can actually be quite cool to clean

nowadays - at least if you have equipment which is easy to use and which avoids strain. That's what we can offer. (And quite right too, we have been developing and manufacturing cleaning machinery for 100 years).

Our range includes ordinary vacuum cleaners, central vacuum cleaners, wet and dry vacuum cleaners, high pressure washers and steam cleaners, plus a wealth of accessories to make cleaning even easier and a little quieter. Read on for more details!

Our range is divided in 3 product groups

The right product for you is determined on how often you use the pressure washer and also on how tough your dirt is.

Compact

once in a while cleaning

Excellent

regular cleaning

Pro

semi-professional cleaning

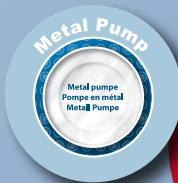

Unique features

All Nilfisk high pressure washers are equipped with several unique features which both benefits the user when cleaning and protects the machine.

Metal Pump

The heart of the machine - long lasting high quality Metal Pump!

Telescopic Handle

Just push the button. The telescopic handle makes storage of the machine even more convenient. Standard on all Excellent and Pro models.

Click&Clean

Unique nozzle concept which makes it easy to change between all the different accessories without use of tools.

Quick Coupling

Our coupling system includes anti-twist swivel function, ensuring fast and easy handling of hose without any hassle.

Soft Grip

Higher working comfort with the Soft Grip. Standard on all Excellent and Pro models.

For quick and easy roof cleaning

With the new Nilfisk Roof Cleaner tool and specially developed cleaning detergent, you get an effective and easy do-it-yourself solution for making your roof look like new. This product will leave your roof looking smart without the need of a coating that can lock moisture in and spoil the visual appearance.

The Nilfisk Roof Cleaner is a new accessory developed for high pressure washers. The pressure from the machine together with an automatic mix of water and our Roof Cleaner detergent, provides the op-

timal solution for applying to your roof. Coatings on the roof will disappear after a period, thanks to the combined influence of the solution and the weather. This work is recommended to be carried out annually or as needed.

Nilfisk

Compact

C 120.5-6 X-TRA

- Max. pressure: 120 bar
- 8 m. high pressure hose
- Pressure regulation
- Integrated trolley
- Integrated hose reel

And this is included with all Compact models: (accessories, see page 10-11)

- | | |
|--|--|
| 1 Reliable metal pump | 6 Tornado PR and Powerspeed nozzle (C120.3 / C 120. 5) |
| 2 Quick coupling between hose and handle | 7 Automatic start/stop |
| 3 Click&Clean for quick change between accessories | 8 Easy storage of hose, handle and nozzles |
| 4 Foam sprayer | |
| 5 Tornado and Powerspeed nozzles (C100/C110) | |

COMPACT SIMPLE washers for occasional cleaning

The smallest models in our range of high pressure washers are compact and lightweight, making them easy to move around and store. The series ranges from the basic models of max. 100 bar to the more robust with a maximum pressure of 120 bar. All machines in the Compact series are fitted with snap coupling between hose and handle, plus the Click&Clean nozzle concept for quick change between various accessories. Perfect as a first washer or as a complement to a more advanced machine. Further information on all models is to be found on page 10.

C 120.3-6

- Max. pressure: 120 bar
- 6 m. high pressure hose
- Pressure regulation on Tornado PR nozzle
- Integrated trolley

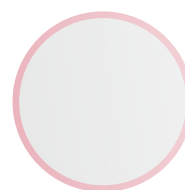

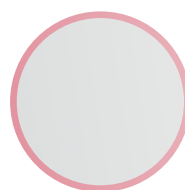

C 110.3 X-TRA

- Max. pressure: 110 bar
- 5 m. high pressure hose
- Integrated trolley
- Cable hook
- Storage of nozzles

C 100.5

- Max. pressure 100 bar
- 5 m. high pressure hose
- Holder for lance
- Storage of nozzles

Nilfisk

Excellent

E 140.2-9 S X-TRA

- Max. pressure 140 bar
- 9 m. high pressure hose
- Hose reel with internal connection to pump
- Wall hook for easy wall mounting and usage as stationary unit

And this is included with all Excellent models: (accessories, see page 10-11)

- | | |
|---|---|
| 1 Reliable metal pump | 6 Automatic start/stop |
| 2 Quick coupling between hose and handle with swivel function | 7 Good storage of hose, handle, cable and nozzles |
| 3 Click&Clean for quick change between accessories | 8 Pressure regulation |
| 4 Foam sprayer | 9 Soft grip on gun |
| 5 Tornado PR and Powerspeed nozzles | 10 Telescopic handle |

EXCELLENT reliable washers for regular cleaning

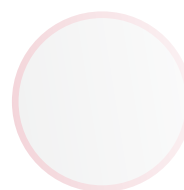

A robust series ideal for slightly more advanced jobs. The high level of performance of 130 or 140 bar gives sufficient power to take care of even ingrained dirt on all sizes of surface. Upright design and integrated chassis make it easier to move around. Using the special wall bracket, they can also be hung up on a wall and used as stationary washers. The Click&Clean nozzle system with pressure regulation is standard as is the quick coupling between hose and handle. There is a complete range of complementary accessories for these washers and further information is to be found on page 10 and 11.

All models in the Excellent series has telescopic metal handle

E 130.2-8

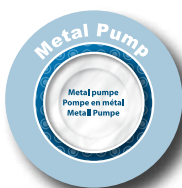

- Max. pressure 130 bar
- 8 m. high pressure hose
- Hook for cable
- Optional: Can be used as a stationary unit

Nilfisk

Pro

New
2011

P 160.2-15 X-TRA

- Max. pressure: 160 bar
- 15 m. Superflex steel-reinforced high pressure hose
- Pressure regulation
- Integrated trolley
- Integrated hose reel
- Telescopic handle

And this is included on all Pro models: (accessories, see page 10-11)

- | | |
|---|---|
| 1 Compact nozzles with brass connection | 6 Pressure regulation |
| 2 Quick coupling | 7 Big "alu-look" wheels - easy to transport |
| 3 Metal pump with brass cylinder head | 8 Superflex steel-reinforced pressure hose |
| 4 Automatic start/stop | 9 Telescopic handle |
| 5 Removable integrated detergent tank | |

Pro POWERFUL washers for the best result every day

Working at pressures of 150 or 160 bar, dirt is quickly removed, no matter how hard it is caked on. For maximum effect and safety, the Pro models also have steel-reinforced hoses, stainless steel pistons, brass cylinder head and very robust design. All these features contribute to the machine's overall performance. Amongst its advanced functions are pressure regulation, hose reel with internal connection to the pump and built-in holders for a range of accessories. Quick coupling between hose and handle is standard. And of course, the Pro series has large wheels and reliable handle for maximum manoeuvrability and comfort. Further information on all models is to be found on page 12.

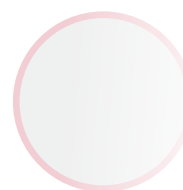

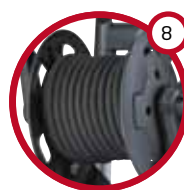

Brass cylinder head and steel-reinforced hoses... this is for top performance

**New
2011**

P 150.2-10

- Max. pressure 150 bar
- 10 m. Superflex steel-reinforced high pressure hose
- Hook for cable and high pressure hose
- Telescopic handle

ACCESSORIES FOR A TIDIER GARDEN

Garden furniture, bikes, terraces, balconies, paving stones and facades can all benefit from being properly cleaned once in a while. With the right accessories for your high pressure washer, it is also possible to keep everything around the house clean quickly and

easily. The smart Click&Clean system makes it easy to connect all such accessories. And as you can see, there are lots to choose from, depending on what they are to be used for.

Click&Clean Multi Angle Adaptor
For hard to reach areas. The tube can stepwise be angled to 90°
Item no. 6411138

Garden Brush
Cone shaped rotating brush for cleaning garden furniture, wooden fences etc. Gets into all nooks and corners
Item no. 106411325

Patio Plus
The optimum solution for cleaning flag stones, walls, fences and other large surfaces
Item no. 126411376

Roof Cleaner
For quick and easy roof cleaning. A combined solution with the telescopic Roof Cleaner handle and the Roof Cleaner detergent.
Item no. 128470040

Water Sand Blasting Set
For effective removal of rust, paint etc. on hard surfaces.
Red colour code: Item no. 6410758.
Green colour code: Item no. 6410891

Drain- and Tube Cleaner - 15 m
For easy cleaning of blocked drains, pipes or rain gutters.
Item no. 6410766

Water Suction Kit
For easy emptying of ponds, drying up patios or other places where water has difficulties getting into the drain system.
Item no. 126411387.

Wall Bracket
Leave the pressure washer hanging on the wall while cleaning. Practical in use and as storage of the machine. Fits P 150.1/160.1, E 130.2/140.2, C 120.3/C 125.3/C 120.5.
Item no. 106411386.

AND SOME MORE...

Click&Clean Adaptor
Item no. 126411389

Replacement Garden Brush
Item no. 106411327

Detergents for a faster and even quicker result

WOOD CLEANER
2,5 l Very efficient detergent for cleaning wood furniture
Item no. 5300377

STONE & WOOD CLEANER
2,5 l Penetrates and loosens algae and moss on wood and stone surfaces.
Item no. 5300400

PLASTIC CLEANER
2,5 l Ideal for cleaning plastic furniture and plastic roofs.
Item no. 5300402

METAL CLEANER
2,5 l Perfect for cleaning garden tools. e.g. lawn mower.
Item no. 5300404

ROOF CLEANER
5 l Combined the Roof Cleaner handle, this is the optimal solution for Roof Cleaning.
Item no. 128470041
