

Tennant V26

The Tennant V26 is an upright vacuum cleaner which is available in 38cm and 45cm working width.

The machine is extremely manoeuvrable and features excellent reach. The V26 is designed to set the industry standards in productivity, ease of use and cleaning performance.

Unsurpassed handle weight and brush speed plus excellent sound and filtration level make this dual motor upright vacuum cleaner the best choice currently available for all types of floor coverings. An integrated telescopic wand plus an on board set of tools and extra paper bag make this machine very versatile and easy to use.

Features

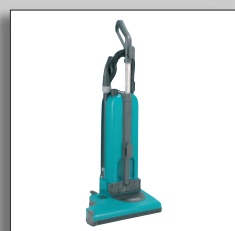

- Lightest handle weight with safety guard
- Telescopic wand and flexible hose
- Crevice and dusting tools
- Variable handle height settings
- High speed, dynamic balanced brush
- Five filter stage filtration and optional HEPA filter
